EASYHEAT

EasyHeat custom pipe freeze protection at off-the-reel prices! Choose pre-packaged systems or for longer cable needs, just cut off the required length from the reel dispenser and attach plug, packaged separately. Freeze-Free uses a self-regulating conductive core that reacts to changes in temperature, needing no thermostat. Patented fused plug — the same quality connector used by the industry since 1992 — installs in minutes with basic household tools. Approved for use on both plastic and metal to -20° F. UL listed.

Cut-to-Length Cable

0272305 100' Reel

0272306 300' Reel

0272304 500' Reel

Fused Plug Kits

- Grounded 30" cord-set requires less heating cable
- Power indicator light shows that power gets to the plug and indicates an intact fuse
- Pipe mounting brackets for easy attachment to typical water pipes
- Built-in, fast-reaction fuse
- Easy to install: just insert the cable into the plug and tighten the screws
- Same reliability
- Now supports up to 75 feet of Freeze Free cable
- UL System Listed

0272307 Kit

0272317 Kit; Bulk

0272310 End Caps, 5/Bag; 10/Ctn.

Thermostat

- 35°F Automatic "On"
- 45°F Automatic "Off" (approx.)
- Controls any 120 volt heater, heating cables, engine heaters, electric heaters, heat lamps

No special wiring, easy to install— just plug it in. Reduces energy consumption. One outlet with an indicator light to let you know unit is functioning. 1800 watts maximum, 15 amps, 120 volts.
