

GLASSCOAT®

ADHESIVE BACKED

Glasscoat® is an inorganic woven fiberglass mesh, coated on one side with pressure sensitive adhesive. Glasscoat® reinforces adhesives, coatings, mastics, and sealants used in the fabrication and installation of air ducts and thermal insulation. Glasscoat is also known by several generic descriptions like: fiberglass scrim, fiberglass tape, and fiberglass cloth.

EASY APPLICATION

WARRANTY

RCD's GLASSCOAT® is warranted to do the work for which it is designed as set forth above. All other warranties, express or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose, are disclaimed. It is understood and agreed that seller's liability, whether in contract, tort, warranty, negligence, personal injury, wrongful death or otherwise, shall not exceed the return of the amount of the purchase price paid by the purchaser and under no circumstances shall seller be liable for special, indirect or consequential damages. The price paid for the product is consideration in limiting seller's liability.
